

Chen Chun, President of Beijing Huafenghang

Now working on his Doctor's degree at Beijing Normal University; during the period of 1994-1997, Mr. Chen studied at University of International Business and Economics (UIBE) and obtained his master's degree. He acts as president of Beijing Huafenghang at the present time and once was director of MOFTEC, and he himself is a senior engineer. Mr. Chen is experienced in and makes outstanding contributions to the biomedical health industry, engaging himself in helping Chinese enterprises flourish in this field. Moreover, he attaches great importance to educational programs for public good and makes constant and considerable efforts for the development of UIBE's off-campus mentors and MBA alumni association.
